*Subject High school, Tumkur

The services of an additional teacher during the year 1903 req'd for the above Sch. sanction is requested after ascertaining from the Dfl of the services of the additional teacher who was appointed temporarily in March 1902

Note Letter No 4937/169 dated the 3rd Dec 1902 from the Dfl of Education

The IV form of the Tumkur High school of the year 1902 contained 63 pupils The Dfl in March 1902, reported that the class should be split up into two sections He therefore recommended the appointment of an additional teacher on Rs 50 a month to take charge of the new section

The Government in sanctioning the above recommendation, observed in their Pro No 15428-9/Ed 316 dated the 17th March 1902 as follows —

"At the end of that period (viz one year) a report should be

*No and date of letter from whom catch words to denote nature of Subject should be stated in red ink

One form may be used for more than one letter of the same file as long as there is space The Office Note should be in black ink Write only on side of this form

"be submitted as to the necessity or otherwise for the continuance of this additional teacher"

The D.S.I. points in his letter No. 4937/169 dated the 3rd December 1902 reports that there are at present 109 students in the IV & V forms put together, that the V form will have to be split up into two sections during the year 1903

He therefore requests that the additional teacher @ Rs 50 a month appointed 3rd May March 1902 may be continued for another year

In the budget estimates of the Education Department for the current official year 1902-1903, a provision of Rs 50 has been made by the D.S.I. of Ed on account of the additional teacher for the Jaffna High school

Letter No. 7586/263 d the 25th January/Feb 03 from the Dy Commr Mysore

Note

Sl No 1 — In his letter No. 763/1-53 d the 4th March 1902, the Dy Commr represented that the IV Form of the Tumkur High school had to be split up into two sections on account of the great no. (63) of pupils that sought admission into that Class, and recommended that an additional teacher on Rs 50 a month be employed in the school to the enlarge of the new section of the IV Form. The same, sanctioned by Govt temporarily for one year (vide GO No. 15428-9/Ed 31 C d the 17th March 1902) The provision required viz Rs 600 a year was included in the budget Estimates for 1902-03 (current year). In December last the Dy Commr again-

Sl No 2

my own representation that the IV & V Forms of the Tinnevelly High School together contained 109 pupils & that it was the V Form that was to be split up into two sections for 1903, and requested that the additional teacher entertained during the last year (1902) may be allowed to continue for one year more i.e. during the year 1903 (vide his letter No. 4937/169 dt the 3rd Dec 1902)

SL No 3

As there was provision in the budget the DPIs requestion was sanctioned (vide GO No. 1154-59 Ed 25 dt the 14th Feb 03)

SC No 4

The DPI, in his present letter No 7586/213 dt the 25th Feb 903, proposes

(1) that the teacher entertained on Rs 50 a month may be permanently attached to the High school as Rs 50 viz Rs 50 on the same pay in class DI (Rs 30 - 4/2 - 50)

(2) and that another additional teacher on Rs 42 a month in class DI (Rs 30 - 4/2 - 52) may be employed in the same school, as the VI form which contains 57 pupils has to be split up into two sections This, it is presumed, is required only temporarily

⊗ The DPIs letter is not clear on the point.

The first involves the alteration

of

what is a temporary charge now before into a permanent one. There is provision on account of this in the current years' budget of the addition proposed be sanctioned, the existing provision will be repeated by the Dfl of Edn. in the budget estimates for the next future years (1903-04 etc.).

(A similar charge (Rs 50) being the pay of the additional master permanently attached to the Maharaja's College, Mysore, was converted into a permanent one by GO No. 13244-5 Ed 318 dated the 2d March 1903. vide file linked)

The proposed addition of another teacher to the same High school (Tumkur) involves an additional (temporary) cost of Rs 42 a month at present. The Dfl does not say anything as to how this charge is to be met

Submitted for orders to Govt

KCS 11/3/03

12/3/03

I think the proposals may be sanctioned. If the Dfl cannot find means of reappropriation, the addl teacher may be employed from next year

Docket No 8590/298 dt the 2d April 1903 from the DPI in reply to the above docket It will be seen from this that the DPI has not answered the 1st query viz whether the additional teacher could not be provided by transfer

As regards the 2d query he says he is unable to point out savings in the budget

at Tuticorin with effect from the 1st June 1903 (after the reopening of the H.S.)

Thus the question of making the other teacher (who is now working in the said high school as a temporary measure, till the 30th June 1904) permanent has to be decided

The second Councillor has agreed to it (vide his remarks d 16-3-03)

The Dewan says he has no objection if the funds are available

The current year's budget contains the provision regd. If the teacher is attached permanently, the existing provision will have to be repeated in the budget estimates for 1903-1904

Submitted for orders as to whether a draft sanctioning the entertainment permanently of the addl teacher may be put up

Rel 2-5-03 At present provision for the charge on account of the pay of the temporary teacher has been made only for 6½ months of the official year 1903-04 (the last 6 months of the Calendar year 1903) Hence the remarks about ~~It has been requested to make provision~~ for the full year the budget estimates are now before us

SIR

I have the honour to inform you that the attendance of the Tumkur High School has greatly increased since the beginning of the present Calendar year The numbers on the rolls of the several classes are now as follows,-

Sixth Form 57
Fifth Form 52
Fourth Form 89
Third Form 44

Total 242

2 The additional teacher on Rs 55 whose services for another year have

been sanctioned by Government Order No 11849-5-0 of 14-2-03 will be wanted Ed 28&9 for teaching one of the sections of the Fourth Form which contains 89 pupils The Headmaster requests that he may be made permanent in class D I. There is no probability of the number of pupils in the Trenkan High school becoming reduced in future, as all the Anglo-vernacular schools of the Trenkan district are working well, and every year increasing numbers of those who have passed the Lower Secondary Examination in English from these schools are likely to seek admission to the IV Form of the High School Under these circumstances I recommend that the additional teacher may be made permanent in class D I.

9

3 The Headmaster also requests that Government may be pleased to sanction the employment of an additional graduate teacher on Rs 42 rising to 5-0 in class D I So as to enable him to devide the Matriculation class into two sections At present the class which contains 57 pupils has become unwieldy and it is not possible for a single teacher to pay individual attention or to correct all the homework exercises I request that Government may be good enough to sanction the additional master on Rs 42 rising to 5-0 in class D I An able and experienced teacher's services will be required and as there are several good L T's on low pay one of them will be selected for the post
